BeNeLux legal roles
(RIP, Local QPPV and RP)

"Navigating the regulatory landscape is not just about ensuring compliance, it's about steering innovation safely through the seas of change."

MARKET ACCESS / HEOR

"Market access is like a game of chess. You need a clear strategy, anticipate, and make the right moves at the right time. But unlike chess, the game of market access is about making a difference in people's lives."

Landscape analysis & strategy

Pricing & managed entry agreements

Health economic modelling & reporting

Structured expert elicitation

Value dossier writing

“Medical affairs is the bridge between science and humanity where innovation meets impact.”
